[Japanese university uses iPhone to keep tab on students](#)

If American school children have to resort to some special mosquito ringtone to use cell phones at school, a university in Japan is doing the opposite: giving cell phones to students and not just any phone - the iPhone 3G.

[Taking stock of the different economic signals](#)

This article looks at the economic scenario in the UK with a neutral perspective. Balancing the positives such as increased industrial output with public spending etcetera. Further, it raises concerns in regard to the dependency on exports and easing of credit in the long run.
